Tadpole's Promise

Once upon a time in a small pond, there was a little tadpole. On a tree nearby, there was a caterpillar. They met each other near the water's edge and instantly fell in love with each other's beauty. The tadpole thought the caterpillar looked like a beautiful rainbow, and the caterpillar thought the tadpole was like a cute little pearl. So, they met at the water's edge every day.

心得反思

1. AI可以幫助我調整文法讓我有更多的想法創作
2. 我覺得這個故事對我以及和我一樣的青少年很重要，因為在這個階段人人都在變，所以現在的感情也不一定會一直是如此直到永遠。

I think such a love scene cannot happen. But the caterpillar and the tadpole in the story are like the love between teenagers. They both feel they will love each other forever.

My First draft我的原版

Once upon a time,in a small pond,there was a little tadpole.On a tree nearby,there was a caterpillar.They met each other near the water's edge and instantly fell in love with each other's beauty.The tadpole thought the caterpillar looked like a beautiful rainbow,and the caterpillar thought the tadpole was like a cute little pearl.So,they met at the water's edge every day.

Because of their daily meetings and conversations,their feelings for each other grew stronger.No matter who was late or didn't show up at their meeting spot,the other would always be willing to wait.They promised each other they would love one another forever.

My reflection我的反思

I think this story is very abstract, and perhaps many people will soberly say: Such a love scene cannot happen. But the caterpillar and the tadpole in the story are like the love between teenagers. They both feel that they will love each other forever. But just like the change of weather and the metamorphosis of living things, the tadpole grows back legs and then Front legs grew. Although Xiao Caihong kept reminding him sadly, I like you the way you were, you still kept changing, and you were no longer the cute little pearl you were when we first met. The story allows us to understand the life cycle of living things, complete metamorphosis and incomplete metamorphosis, and also allows people who read the story to understand the life changes they are about to face.
